Curaplex® humidification and nebulization solutions are the economical answer to your high flow oxygen therapy challenges. This nebulization technology offers a high flow feature with a wide FiO₂ range and features a 40 lpm jet, which even at elevated oxygen concentration settings provides sufficient total flow for the majority of patients. These products achieve high flows and high FiO₂ ranges without the time and expense of “doubling up” nebulizers. The FiO₂ dial settings, ranging from 36% to 95%, minimize the need to change devices to wean your patients, providing another time and cost-saving advantage.

**Large Volume Nebulizers**

- Delivery of particulate humidity in the 3 to 5 micron range
- Normal flow LVN delivers FiO₂ of 28-60% with a total flow range of 24 to 68 LPM
- High flow LVN delivers FiO₂ of 36-95% with a minimum total flow of 43 LPM
- Compatible with your existing supply of sterile water

---

**Ordering Information**

**Large Volume Nebulizers**

- LVN, Barrel with 12 LPM Jet, 40 ea/bx
  - 301-P3000N
- LVN, Barrel with 40 LPM Jet, 40 ea/bx
  - 301-P3000H

**LVN with Tubes**

- LVN, Normal Flow with Long Tube, 12 LPM Jet, 40 ea/bx
  - 301-P3000N-L
- LVN, Normal Flow with Short Tube, 12 LPM Jet, 40 ea/bx
  - 301-P3000N-S
- LVN, High Flow with Long Tube, 40 LPM Jet, 40 ea/bx
  - 301-P3000H-L
- LVN, High Flow with Short Tube, 40 LPM Jet, 40 ea/bx
  - 301-P3000H-S

Humidification & Nebulization Solutions

Closed Dilution Nebulizers

- Delivers up to 40 LPM of oxygen and additional gas into the side
- Provides precise, high flow mixtures into a pressurized system
- Normal flow delivers 6-12 LPM in the primary input and 0 – 40 LPM in the side port
- High flow delivers 15-40 LPM in the primary port and 0 – 40 LPM in the side port

Nebulizer Heater

- Available for all nebulizer systems
- Full planten heater capable of higher patient-end temperatures
- Recommended for use with high flow applications
- For hospital use only

For more information, please contact your Account Manager or call Customer Service at 800-TRI-ANIM (874-2646).
